An English bank robber planned the perfect heist. Every detail was perfectly orchestrated; the ideal robbery time, the type of gun to use, a place to hide the loot, a getaway route and car, and even a reliable accomplice. After robbing the bank, the man left with the money in a bag over his left shoulder. As he approached the spot of the getaway car, his accomplice promptly ran him over!

"Was the deceased," asked the attorney, "In the habit of talking to himself when he was alone?"

"I don't know," said the witness.

"Come now man, you don't know and yet you pretend you were intimately acquainted with the deceased?"

"Well, Mr. Lawyer," said the witness, "I never happened to be with him when he was alone."

"Do you have 'Eyes of Blue' and 'A Love Supreme'?" she asked.

"Is that a record?" she inquired.

"I don't think so," replied the man, "but it's as close as I want to get."

A little boy hadn't said a word for seven years. One day his parents served him cocoa. From out of nowhere the kid said, "This cocoa's no good." His parents were shocked. They asked him, "Why did you wait so long to talk?" He said, "Up till now everything's been okay."

The woman rushed out of the house and ran smack into her next-door neighbor. "Going somewhere?" asked the neighbor. "Yes, I'm baking a cake from a recipe I heard on the radio. It said to put all the ingredients in a bowl and then beat it for five minutes. Sounds silly, but I'm on my way."

A couple was celebrating their golden wedding anniversary. Their domestic tranquility had long been the talk of the town. A local newspaper reporter was inquiring as to the secret of their long and happy marriage. "Well, it dates back to our honeymoon," Explained the man. "We visited the Grand Canyon and took a trip down the bottom of the canyon by pack mule. We hadn't gone too far when my wife's mule stumbled. My wife quietly said, 'That's once.' We proceeded a little farther when the mule stumbled again. Once more my wife quietly said, 'That's twice.' We hadn't gone a half-mile when the mule stumbled a third time. My wife promptly removed a revolver from her pocket and shot the mule dead. I started to protest over her treatment of the mule when she looked at me and quietly said, 'That's once.'"

The little boy was caught swearing by his teacher.

"Tyson," she said, "you shouldn't use that kind of language. Where did you hear it?"

"My daddy said it," he responded.

"Well, that doesn't matter," she explained, "I don't want to hear that language in here again." After a moment, she thought she whispered aloud, "At least he doesn't know what it means."

"I do, too," Tyson corrected. "It means the car won't start."
